OFFICE OF THE SECRETARY

In the Matter of

Amendment of Section 73.202(b)
Table of Allotments
FM Broadcast Stations
(Sierra Vista and Saint David, Arizona)

)
)
)

MM Docket No. _____
RM - _____

To: Chief, Allocations Branch
Policy and Rules Division
Mass Media Bureau

PETITION FOR RULE MAKING

Cochise Broadcasting, LLC ("Petitioner"), licensee of Station KKYZ(FM), Sierra Vista, Arizona,¹ by its counsel, hereby requests the Commission amend the FM Table of Allotments to substitute Channel 269A at Sierra Vista, Arizona for Channel 267C3 at Saint David, Arizona. If the Petition is granted, Petitioner will file an application to modify the KKYZ (FM) license to specify operation on Channel 267C3 at Saint David, Arizona. In support hereof, Petitioner states as follows:

I. SAINT DAVID, ARIZONA

A. TECHNICAL ANALYSIS

1. As demonstrated in the attached Channel Study, Channel 267C3 can be allotted to Saint David at coordinates 31°54' 47.6" NL 110°23' 39.8" WL consistent with Section 73.207 of the Commission's Rules. The site is close enough to Saint David that a 70 dBu signal can be provided to the community.

-
1. Petitioner is the buyer/assignee of the Station KKYZ (FM), Sierra Vista, Arizona. See Public Notice, January 18, 2001, Report No. 44903, granting the application for assignment of license, FCC File No. BALH-20001020ABG. The assignment transaction between the Petitioner and the assignor, Ana L. Zumuano, is in the process of consummation. The assignor has consented to this filing.

No. of Copies rec'd 014
List A B C D E
MMB

01-92

2. The proposed 60 dBu contour will provide service to an area of 4772 square kilometers. The existing KKYZ facility provides service to an area of only 1807 square kilometers, resulting in a net gain in area coverage of 2,965 kilometers. The number of services in the loss area will be provided in a Supplemental filing.

B. CHANGE IN COMMUNITY OF LICENSE

3. Petitioner desires to change its community of license from Sierra Vista to Saint David, Arizona to provide a first local service under the prerequisites set forth in Amendment of the Commission's Rules Regarding Modification of FM and TV Authorizations to Specify a New Community of License, 4 FCC Rcd 3870 (1989), recons. granted in part, 5 FCC Rcd 7094 (1990). First, the proposed use of Channel 267C3 at Saint David is mutually exclusive with the current use of Channel 269A at Sierra Vista. See attached channel study. The study shows that the licensee filed a pending application to increase to Class C2 facilities at Sierra Vista. Petitioner is interested in constructing the facilities specified in the application as well as the proposal herein. Second, the Saint David proposal is preferred under the Commission's priorities because Saint David would receive a first local service (Priority 3) while Sierra Vista would retain local service from three other stations. See Revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1982). As a result, Sierra Vista would continue to receive local service.

4. Saint David is located in Cochise County. According to the 1990 U.S. Census, Saint David had a population of 1,468. See Exhibit A. According to the 2000 U.S. Census, Saint David now has a population of 1,744. See Exhibit A. Saint David has its own water system and association. There are numerous churches and local businesses in Saint David. See Exhibit A. The Saint David Unified School District No. 21 consists of a K-12 school with approximately 451 students matriculating through its school district. Saint David has its own post office and zip code

(85630). See Exhibit A. Based on the foregoing, Saint David is a community for allotment purposes, and is of sufficient status to deserve its own radio station. See, e.g., Gualala, California, 5 FCC Rcd. 6268 (1990).

5. Should the Commission approve the reallocation of Channel 267C3 to Saint David, Arizona, Petitioner will apply for the channel and construct the facility if authorized to do so.

C. CONCLUSION

6. The reallocation of Channel 267C3 to Saint David, Arizona is in the public interest because Saint David will receive a first local service and there will be a gain in coverage area. Furthermore, the residents of the Sierra Vista area will continue to be served by three local stations.

Respectfully submitted,

COCHISE BROADCASTING, LLC

RANALLY METRO AREAS AND PRINCIPAL CITIES AND TOWNS

Census Designated Place (CDP) is an unincorporated area defined by the Bureau of the Census for which a census of population is published. A CDP may contain one or more unincorporated places within its established boundaries. When more than one place exists within a CDP, those unincorporated places with estimated populations of 1,000 or more are also listed in the Principal Cities and Towns table below. A CDP may or may not contain a separate place with the same name as the CDP area.

Total Area (1990)—114,006 square miles
Land Area (1990)—113,642 square miles
Inland Water Area (1990)—364 square miles
Capital—Phoenix
Admitted as a State—February, 1912

Note: For the location of places containing map keys (K-7, B-12, etc), see **Arizona** map on pages 142-143.
